【To be continued.】

Well..... again, this is the author who draws all sorts of things and dawdles~

I haven't updated in so long QAQ. I really am sorry to everyone waiting!!!

The pressure of working and doing this serialization is huge..... I'm much too picky and don't want to let the art quality drop just for speed, so later on I might instead update every 10 days to lessen the load.

To notify everyone of the update times in a timely manner, I've opened a reader group. Other than announcing update times, I'll also post previews now and then.....

In the future, I'll also randomly select readers and gift some small things that I've made.

I invite everyone to come play = 3 =

Now it's time to post some fanart!!!

Currently, all of you dears that draw fanart will receive a small signed book. Until the end of April, I'll continue accepting fanart and gifting signed pieces. Finally, thank you all for showing love for "Xun Yao Ji Wen"!!
